New Allianz Construction Select Policy

Allianz Insurance plc | Engineering

At Allianz Insurance plc, we constantly review our products to ensure we remain at the forefront of the market. Following our latest review, we are launching a combined insurance product for the construction industry known as Construction Select.

Background

We are delighted to tell you that we have made a number of improvements to our Erection All Risks Policy. These changes are focused around enhancing the cover provided in a number of areas to ensure you benefit from the wider cover. Where there are any enhancements or possible restriction in cover previously provided, we have made this clear in the comparison table below.

Your Erection All Risks Policy will be replaced by this new sectional wording, so please refer to your original Policy wording to confirm how the changes affect your Policy cover.

The changes included within the comparison table below are changes that potentially make a material difference to the cover provided. We have also made a number of minor changes to the Policy that simply clarify the cover provided which are not detailed below. These include amending the title of some Extensions, Exclusions and Conditions and rewording some paragraphs to make them easier to read. The comparison table provides information that relates to the general terms and conditions of your policy and then moves on to explain the changes to each individual section.

We would like to stress that if your current Policy carries any non-standard covers which are not included within the new Policy, we will include them in the Schedule attached to your new Policy.

The guidance provided below does not nor is intended to represent the complete terms and conditions of the new Policy wording. Please read this guidance in conjunction with your new Policy wording and Schedule. If you have any questions about the new Policy, please refer these to your Broker.

To download a copy of the new Introduction Section (CS0008), Erection All Risks Section (ND0001) and Contractors Plant Section (NJ0001) please visit the below link or contact your Broker or Allianz Insurance plc contact to obtain a copy.
