# Specialist Cleaning Services

(for commercial kitchens and ventilation systems)

From DCUK FM

**Prevent fires and poor ventilation hygiene with effective ductwork cleaning.**

**of commercial kitchen fires  
are caused by faulty ventilation  
systems as a result of fat and  
grease build-up.\***

## Your Special Offer

**As an Allianz customer, you have access to:**

- a **discount of 15%** on a range of specialist cleaning services
- bespoke health and safety audits on all your sites for ventilation systems
- your own contracts manager to ensure all your cleaning requirements are met to the highest of standards.

## Product Range

We've partnered with DCUK FM, a leading expert in ventilation hygiene and ductwork cleaning. Their Ventilation Management Programme Reports cover pre and post condition, recommendations, and a hygiene certificate.

DCUK FM take health and safety very seriously and carry out bespoke audits on all sites. This culture has meant they have been successfully awarded the Gold RoSPA Award for many years at the British Safety Council International Safety Awards.
