**5839 new testers trained over the last 12 months.\***

## Your Special Offer

**As an Allianz Motor Trade customer, you can conveniently access a range of MOT automotive training courses.**

- Receive **10% off** the following RMI training courses:
  - New MOT Tester Training
  - New Motorcycle Tester Training
  - MOT Centre Management
  - IMI Accreditation Light Vehicle Inspection level 3

## Courses

Attend the RMI training centre based in Southam, Warwickshire, offering top quality training for the retail automotive sector.

**New MOT Tester Training** – two courses are available for experienced technicians who would like to become an MOT tester. On completion of either course, a candidate will be able to apply to the DVSA to be authorised as an MOT tester for motorcycles (class 1 and 2) or cars and other vehicles (class 3, 4, 5 and 7).

Both courses cover relevant acts and regulations, tools for the job, use of the testing manual, standards and procedures, documentation and security, use of the online MOT testing service, routine inspection, and classes of vehicle.

Course	Course duration	Non-RMI member price	Allianz 10% discount (where applicable)
<b>New MOT Tester Training</b>	3 days plus assessment	£895	£805.50
<b>New Motorcycle Tester Training</b>	3 days	£895	n/a
<b>MOT Centre Management</b>	2 days	£495	£445.50
<b>IMI LVI Training and Assessment</b>	3 days	£995	£895.50
<b>IMI LVI Assessment</b>	1 day	£450	£405

**MOT Centre Management** – this is a compulsory course for prospective MOT managers. Those who have direct responsibility for MOT operations at a testing station (e.g. site managers) will also benefit from attending. Topics covered include responsibilities, supporting acts and regulations, documentation and quality control.

**IMI Light Vehicle Inspection Lv3** – formerly ATA, this course is for technicians who do not hold a relevant, level 3 NVQ qualification but want to become an MOT tester for class 3, 4, 5 or 7 vehicles. It is the direct replacement for the DVA's NTTA exam.

The course covers modules on inspections for emission systems, electrical systems, braking systems, steering and suspension systems, vehicle structure and vehicle appraisal.

There is an option to take the assessment only if training is not required. Details can be found in the table above.

### The RMI

The RMI is the UK's leading automotive trade body, representing franchised car and commercial vehicle dealers, independent garages, bodyshops, motorcycle dealers, petrol retailers, auction houses and cherished number plate dealers, who provide sales and services to motorists and businesses across the UK.

**Please note:** prices are subject to change and may vary depending on site-specific circumstances. All prices are subject to VAT.
