

Allianz Insurance plc

Credit Risk Management Services

From Graydon

Mitigate credit risk, improve cash-flow and do business with the right customers, suppliers and partners through credit checking services.

42% of small businesses with 11 – 50 staff cite cash flow as a top five challenge.*

Your Special Offer

As an Allianz customer, you can access credit checking services, with:

- a **discount of 20%** on online credit information packages
- help to make accurate, realistic assessments about credit risk
- credit reports on both companies and individuals, from quick snapshots, through to highly detailed risk assessments.

Product Range

Our preferred supplier, Graydon, gives you a full picture of the ownership, financial and credit history of companies both in the UK and overseas. They use the most current information available and funnel it into real time, sector-specific credit risk data. Stay in control with accurate, relevant data on your client or supplier's credit rating, enabling you to quickly and confidently make decisions.

Graydon has a range of credit check services suited to companies of all sizes, proven to help businesses evaluate the credit history of suppliers and customers.

Graydon was awarded the Credit Information Provider of the Year Award 2015 by the Chartered Institute of Credit Management (CICM).
