

Renewable Power

Our renewable power policies offer insurance for commercial operators of solar, wind, hydro and short term operational reserve installations (STOR), both during construction and whilst operational.

For Intermediary Use

This document should be used for intermediary reference only, as it does not detail the conditions, limitations or exclusions of the cover. Please see the policy wording or renewable power brochure for further details.

Renewable power provides **Construction All Risks** and **Operational All Risks** cover alongside a number of optional covers. When operational we can combine covers, such as solar and hydro, under one policy.

Cover includes:

Construction All Risks - cover that may be selected:

- **Contract works** - up to the contract value or limit of liability stated in the schedule:
 - professional fees
 - breakdown or explosion
 - offsite storage
 - debris removal and protection.
- **Owned plant and machinery:**
 - damage to security devices
 - loss of keys
- **Hired in plant**
- **Contractors JCT 6.5.1**
- **Terrorism**
- **Delay in start-up**
- **Public liability** - up to £5m.

Operational All Risks - cover provided as standard:

- **Alterations, additions and improvements** - up to £1m per period of insurance (£250,000 at any one premises)
- **Removal of debris** - up to £50,000
- **Professional fees** - up to £50,000
- **Temporary removal** - up to £100,000
- **Fire extinguishing** - up to £10,000
- **Maintaining machinery guarantees** - up to £25,000
- **Additional costs for repairs** - up to £25,000.

Operational All Risks - optional cover that may be selected:

- **Terrorism**
- **Business interruption**
- **Public and products liability** - up to £5m.
- **Commercial Legal Expenses** - provides up to £100,000 for any one event
- **Employers' Liability** - legal liability protection for accidental injury and disease to employees

- **Directors & Officers** - provides financial protection for directors in terms of their personal liability when managing their company.

Appetite

Our renewable products are targeted at operators of:

- **STOR** - commercial installations, with a power production (total capacity per unit) of one megawatt or above.
- **Solar** - ground-mounted solar photovoltaic installations.
- **Wind** - onshore wind installations only, with a power production (total capacity per unit) of one megawatt or above.
- **Hydro** - run-of-river hydro power installations only, with a power production (total capacity per unit) of between 500 kilowatts and 10 megawatts.

Claims Service

Our fast, fair and flexible claims service, delivered by experts provides:

- **dedicated engineering claims handler** - support from our

experienced and expert engineering team

- **claims relationship managers** - access to a dedicated claims expert - larger customers only.

Additional Services

Our additional services can be tailored to help meet your customers' individual needs:

- **Inspection Services** - our UKAS accredited engineer surveyors have the expertise to carry out statutory inspections on a range of plant and machinery across the UK. Visit allianz.co.uk/InspectionServices.
- **Consultancy Services** - our engineering specialists, supported by a network of business partners, provide a range of services. These include engineering assessments, training and bespoke inspections on a range of power installations. Visit allianz.co.uk/specialservices.
- **Insurance Risk Survey** - our renewable power loss control engineers provide insurance and liability risk surveys.

- **Exclusive Third Party Supplier Discounts** - preferred suppliers offering risk management solutions relevant to your customers sector. Visit: allianz.co.uk/risk-management

- **Free Risk Management Support** - guidance on a range of topics to assist your customers in managing the risks impacting their sector. Visit: allianz.co.uk/risk-management

Claims can be reported to our specialist teams (9am to 5pm):
