### Business Interruption

Your business will be interrupted and your profit or revenue reduced if your buildings or contents are damaged or destroyed by Fire or any of the covers given under Property Damage. You will still have to pay expenses such as wages and extra costs to reduce the interference to your business. This policy insures your financial loss.

#### Basis of cover

Gross Profit is most suitable for businesses producing or selling goods.

Gross Revenue is for businesses supplying a service such as sports and social clubs. There are covers available which may be suitable for you, e.g. Income, Rent or Additional Cost of Working.

There are two options of cover:

#### Option 1 - Commercial All Risks

#### Option 2 - Specified Events

both as described under Property Damage.

## Money

## Public and Products Liability

Public liability insures your legal liability to pay compensation to members of the public if they are injured or their property is damaged as a result of an accident caused by you or your employees while working for you. Cover also includes financial loss resulting from nuisance, trespass, obstruction or interference with any right of way, light, air or water.

Cover applies in the United Kingdom and any other member country of the European Union. It also applies elsewhere in the world in respect of work by you or your employees who are working temporarily abroad (restricted to non-manual work in respect of USA/Canada).

You may select the limit of indemnity.

You may include Products Liability cover. This insures your legal liability to pay compensation to members of the public if they are injured or their property is damaged as a result of an accident caused by your products.

You may select the limit of indemnity.

## Public and Products Liability – Excess of Loss

Awards for injuries and damage continue to rise, and limits of indemnity under Public/Products liability products once considered as being adequate are now failing to keep pace.

In addition, some businesses will require high limits due to the nature of their activities, the products they produce or the work or services they undertake. A high limit may be required in order to undertake a specific large scale contract or project and contractual requirements for high limits are commonplace in the contracting trades. Product manufacturers may also need to consider that the limit of indemnity for Products Liability insurance is normally aggregated and the limit may become exhausted very quickly should the product cause multiple claims.

However, most insurers are reluctant to provide high indemnity limits beyond certain levels, and additional layers of insurance cover - Excess of Loss – from other insurers are frequently sought to build up the total amount of cover available.

Our Excess of Loss cover is specifically designed to both meet the needs of such businesses and to be easily incorporated into their overall insurance programme.

## Directors and Officers Liability

Directors and Officers Liability insurance provides financial protection and therefore peace of mind for directors in terms of their personal liability when managing their company in their capacity as a director.

Under the 1985 and 1989 Companies Acts directors and officers are exposed to over 200 areas of statutory liability. This means that they can face unlimited personal liability for their actions and decisions on behalf of the company. Other legislation (e.g. Companies Act 2006) has further increased such liabilities.

Where a director or officer is alleged to have committed a wrongful act (any actual or alleged breach of duty, trust, neglect, error or omission) in performance of their duties they are exposed to potential liability.

A directors personal assets may be at risk if they are sued - claims can be brought by anyone with an interest in the affairs of the company: regulators, statutory authorities, shareholders, other directors, employees and in the case of insolvency, creditors, liquidators and administrators.

Designed to meet the needs of medium to large sized UK businesses Allianz Insurance plc is one of the few leading insurers who offer Directors & Officers cover as part of a combined insurance policy.

## Employers Liability

Insures your legal liability to pay compensation to employees if they are injured (this means bodily injury, death, disease, illness or shock) whilst working for you. Cover includes your costs and those of your employee.

The policy applies in the United Kingdom and anywhere in the world for employees who live in the United Kingdom and are working temporarily abroad. They must bring any claim in the United Kingdom or any member country of the European Union.

The standard limit of indemnity is £10m, but higher limits may be available on request.

## Fidelity Insurance

This cover provides for the direct loss of money or goods caused by employee theft, fraud or dishonesty, committed with the clear intent of obtaining an improper gain for themselves, up to the limit selected by you.

## Personal Accident Insurance

The cover provides for compensation for an accident which results in death or disablement.

A range of capital sums and weekly benefits can be tailored to meet your needs. A wide range of extensions are automatically added to the base level of cover and a comprehensive range of telephone helplines are included too.

## Professional Indemnity

Professional Indemnity insurance provides protection from costs incurred as the result of professional negligence.

Professional Indemnity insurance should be considered by any business or person who provides services such as advice, design, or offers their skills or knowledge services in a professional capacity.

Professionals can owe a duty of care to anybody who might reasonably rely upon the service or advice they have provided. Where high standards of service and advice are not met, a client is more inclined to resort to litigation. Professional Indemnity insurance is designed to provide protection against such claims, providing an indemnity for damages which are awarded against the business, compensation for legal costs in defending a claim, and for litigation costs awarded should a defence prove unsuccessful.

We offer 11 tailored policy wordings designed to comply with professional bodies' requirements which are:

**Item Limit**

£250,000 in total for the policy year

**How this policy responds to Travel Disruption**

Cancellation risks attach at the booking date, so trips booked prior to policy inception should be claimable on the previous insurance policy. The proposer should check their policy cover before switching insurer.

Any travel bookings made after FCO advice is published (e.g. 20th March 2020 for Covid19) will be at the insureds own risk, as they are planning a trip in the face of a known disruption. The policyholder should check their booking conditions and consider using Credit card payments wherever possible.

Insurance cover is only triggered for unexpected events, that are outside the policyholders control. Government responses or local regulations regarding a known problem (e.g. Covid19) are not unexpected events.

Rearranging a trip departing in the medium to long term future is within the control of the policyholder, and so not claimable. Rearranging imminent trips or acting on very recent government advice may not be practical, so after exploring options with the travel provider, the Insured should discuss their circumstances with the Allianz Claim team.

Insurance cover is only available for non-recoverable costs, the policyholder is expected to seek refunds from travel providers or Credit card providers before making and insurance claim.

**Item 3 – Personal Property**

Up to £10,000 per person for Loss, theft or damage to an Insured Person's personal property.

**Item 3 does not cover:**

any single item or set of skis, ski poles, ski binding, ski boots, snowboard, snowboard bindings and snowboard boots over £500 or any other single item or set of Personal Property over £3,000.

Personal Property stolen or lost from an unattended vehicle unless in a locked boot/concealed in a locked vehicle
