Basis of Settlement

- A** there is an insurance in force covering the interest of the Insured in the property at the Premises against such Event and that
 - i** payment has been made or liability has been admitted for payment, or
 - ii** payment would have been made or liability would have been admitted for payment but for the operation of a proviso in such insurance excluding liability for claims below a specified amount
- B** the most the Insurer will pay for any one claim is in the whole the Total Sum Insured, or in respect of any one item its Sum Insured or any other limit of liability in this Section.

The Sums Insured or limits of liability shall not be reduced by the amount of any claim as insured under this Section provided that

- a** the Insurer does not give written notice to the contrary within 30 days of the notification of any Event
- b** the Insured pays the appropriate additional premium on the amount of the claim from the date of the Event to the expiry of the Period of Insurance
- c** the Insured agrees to comply with any security recommendations or other measures the Insurer may require to reduce the risk of an Event.

The Insurer will pay the Insured as indemnity in consequence of Business Interruption for loss of Gross Profit due to

- A** Reduction in Turnover, and
- B** Increase in Cost of Working.

Reduction in Turnover means the sum produced by applying the Rate of Gross Profit to the amount by which the Turnover during the Indemnity Period falls short of the Standard Turnover.

Increase in Cost of Working means the additional expenditure (subject to the Uninsured Working Expenses clause) necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the reduction in Turnover which but for that expenditure would have taken place during the Indemnity Period.

Basis of Settlement Adjustments

The Insurer will not pay the Insured for

- A Increase in Cost of Working exceeding the sum produced by applying the Rate of Gross Profit to the amount of reduction in Turnover thereby avoided
- B any amounts saved during the Indemnity Period in respect of any of the charges and expenses of the business payable out of Gross Profit that may cease or be reduced.

In calculating the amounts the Insurer will pay the Insured as indemnity, adjustments shall be made in accordance with the following clauses.

1 Average

If the Sum Insured by any item on Gross Profit is less than the sum produced by applying the Rate of Gross Profit to the Annual Turnover, or if the Departmental Trading clause applies is less than the aggregate of the sum produced by applying the Rate of Gross Profit for each department of the Business (whether affected by the Event or not) to its relative Annual Turnover, the amount payable will be proportionately reduced.

The amount of the Annual Turnover will be proportionately increased when the Maximum Indemnity Period exceeds 12 months.

2 Alternative Premises

If during the Indemnity Period goods are sold or services are rendered elsewhere than at the Premises for the benefit of the Business, either by the Insured or by others on behalf of the Insured, the money paid or payable for such sales or services shall be taken into account in arriving at the Turnover during the Indemnity Period.

3 Uninsured Working Expenses

If any working expenses of the Business are excluded by this Section (having been deducted in arriving at Gross Profit), then in calculating the amount recoverable under this Section as Increase in Cost of Working, only that proportion of any such additional expenditure shall be taken into account that Gross Profit bears to the sum of Gross Profit and the Uninsured Working Expenses.

4 Departmental Trading

If the Business is conducted in departments, the independent trading results of which can be ascertained, the Basis of Settlement for Gross Profit shall apply separately to each department affected.

5 Trends and Variations

Adjustments shall be made to the figures representing the Rate of Gross Profit, the Annual Turnover and the Standard Turnover that may be necessary to provide for the trend of the Business, and for variations in or other circumstances affecting the Business, either before or after the Event, and which would have affected the Business had the Event not occurred, so that the adjusted figures represent as near as reasonably practicable results which but for the Event would have been obtained during the relative period after the Event.

6 New Business

If the Business is in its first year of trading during the first Period of Insurance, and an Event occurs before completion of such first Period of Insurance, Rate of Gross Profit, Annual Turnover and Standard Turnover shall mean the following.

Rate of Gross Profit – the Rate of Gross Profit earned on the Turnover during the period between the date of commencement of the Business and the date of the Event.

Annual Turnover – the proportional equivalent, for the period of 12 months, of the Turnover realised during the period between the date of commencement of the Business and the date of the Event.

8 Value Added Tax

All terms in this Section shall be exclusive of value added tax to the extent that the Insured are accountable to the tax authorities for such tax.

9 Current Cost Accounting

For the purposes of this Section, any adjustment implemented in current cost accounting shall be disregarded.

10 Payments on Account

The Insurer will make payments on account during the Indemnity Period, if the Insured so request, subject to any necessary adjustment at the end of the Indemnity Period.

11 Salvage Sale

If following an Event giving rise to a claim under this Section the Insured shall hold a salvage sale during the Indemnity Period, the definition of Reduction in Turnover in the Basis of Settlement of the insurance for any item of Gross Profit shall for the purpose of such claims be amended as follows:

- A Reduction in Turnover means the sum produced by applying the Rate of Gross Profit to the amount by which the Turnover during the Indemnity Period (less the Turnover relating to the period of the salvage sale) shall in consequence of the Event fall short of the Standard Turnover, from which sum shall be deducted the Gross Profit actually earned during the period of the salvage sale.

12 Accumulated Stocks

In adjusting any loss account shall be taken and an equitable allowance made if any reduction in Turnover due to an Event giving rise to a claim under this Section is postponed by reason of the Turnover being temporarily maintained from accumulated stocks of finished goods in warehouses or depots.

13 Claims Preparation Expenses

Cover extends to include the necessary and reasonable costs, expenses and charges incurred by the Insured in producing and certifying any particulars or details required by the Insurer in connection with any claim under this Section and which are incurred with the consent of the Insurer and for which the Insurer has admitted liability, provided that

4 Subrogation

Any claimant under this Section shall, at the Insurer's request and expense, take or permit to be taken all necessary steps for enforcing rights against any other party in the name of the Insured, before or after the Insurer makes any payment.

The Insurer agrees to waive any such rights to which the Insurer might become entitled by subrogation against any company standing in relation of parent to subsidiary (or subsidiary to parent) to the Insured or against any company which is a subsidiary of a parent company of which the Insured are themselves a subsidiary, in each case within the meaning of the Companies Act or Companies (Northern Ireland) Order current at the time of the Business Interruption.

5 Declarations

The Insured may, at the Insured's option, provide a declaration confirmed by the Insured's auditors of the Gross Profit earned during the financial year most nearly concurrent with an expired Period of Insurance. If any Event has occurred giving rise to a claim for loss of Gross Profit, such declaration will be increased by the Insurer for the purpose of premium adjustment, by the amount by which the Gross Profit was reduced during such financial year solely in consequence of the Event.

If the declaration of Gross Profit, proportionately increased where the Maximum Indemnity Period exceeds 12 months, is less than the Sum Insured on Gross Profit for the relative Period of Insurance, the Insurer will allow a *pro rata* return of premium not exceeding 50% of the premium paid.
