TAX FORM

The regulations with respect to the payment of premium tax within the European Union have changed over recent years, in particular following the “Kvaerner” European High Court Judgement in June 2001. Where it was previously the responsibility of the Insured to settle their overseas’ premium tax liabilities locally with the relevant tax authorities, insurers are now increasingly being made strictly responsible for the collection of these tax amounts, along with the premium, and making the relevant payments on to those tax authorities. This is, of course the same way the UK premium tax arrangements have always operated.

For every country (including outside the EU, as other countries are now adopting similar regulations) where you have a domiciled office, you have a potential liability for insurance tax payable to the local authority. Accordingly, in order for insurers to evaluate your tax liabilities and collect the correct amount for payment to the relevant tax authorities in overseas jurisdiction (as well as in the UK), can you please provide a breakdown of your income for the last complete financial year arising from all domestic and overseas activities below. If income is derived from the United States of America or Australia, please specify the state in which the office is domiciled.
