# Employers' Liability Tracing Office

If your policy provides Employers' Liability cover information relating to your insurance policy will be provided to the Employers' Liability Tracing Office (the "ELTO") and added to an electronic database, (the "Database") in a format set out by the Employers' Liability Insurance: Disclosure by Insurers Instrument 2011.

The Database assists individual consumer claimants who have suffered an employment related injury or disease arising out of their course of employment in the UK whilst working for employers carrying on, or who carried on, business in the UK and as a result are covered by the employers' liability insurance of their employers, (the "Claimants"):

- i to identify which insurer (or insurers) was (or were) providing employers' liability cover during the relevant periods of employment; and
- ii to identify the relevant employers' liability insurance policies.

The Database and the data stored on it may be accessed and used by the Claimants, their appointed representatives, insurers with potential liability for UK commercial lines employers' liability insurance cover and any other persons or entities permitted by law.

The Database will be managed by the ELTO and further information can be found on the ELTO website [elto.org.uk](http://elto.org.uk).

# Tax Form

The regulations with respect to the payment of premium tax within the European Union have changed over recent years, in particular following the "Kvaerner" European High Court Judgement in June 2001. Where it was previously the responsibility of the Insured to settle their overseas' premium tax liabilities locally with the relevant tax authorities, insurers are now increasingly being made strictly responsible for the collection of these tax amounts, along with the premium, and making the relevant payments on to those tax authorities. This is, of course the same way the UK premium tax arrangements have always operated.

For every country (including outside the EU, as other countries are now adopting similar regulations) where you have a domiciled office, you have a potential liability for insurance tax payable to the local authority. Accordingly, in order for insurers to evaluate your tax liabilities and collect the correct amount for payment to the relevant tax authorities in overseas jurisdiction (as well as in the UK), can you please provide a breakdown of your income for the last complete financial year arising from all domestic and overseas activities below. If income is derived from the United States of America or Australia, please specify the state in which the office is domiciled.
